Why choose
Amtico Click Smart

Our Click Smart LVT flooring product is integrated with underlay so there's no separate application – making it quicker to install than other click LVT products.

Backing Layers
Provides stability and acoustic benefits - the underlay is included here.

High Density Wear Layer
Withstands wear and tear and provides impact resistance.

Rigid Core Layer
Contains up to 20% recycled content and covers subfloor imperfections.

Urethane Coating
Surface protection makes it scuff and stain resistant.

Fibreglass Reinforcement
Provides the product with dimensional stability.

Aesthetic Layer
Our beautiful and realistic wood and stone design print films.

Core Layer
The base for the aesthetic layer.

The benefits...

No adhesive needed

Easy installation in a few clicks

An easy to fit, click locking mechanism makes it quick and easy to install and is softer underfoot compared to wood and ceramic flooring.

Strong and durable

Perfect for homes with kids and pets

Every tile is engineered from heat-compressed layers to combine extreme resilience and superb strength with beautiful design.

Quiet underfoot

20dB acoustic rating

Our backing layers provide a 20dB acoustic rating reducing impact sound and providing an extra level of comfort underfoot.

Waterproof

Perfect for kitchens & bathrooms

With the latest rigid core technology, Click Smart is 100% waterproof and allows for easy installation over existing hard floors.

Suitable for underfloor heating

Keeping feet warm and homes cosy

Amtico LVT is designed to work with underfloor heating systems, so it won't warp or crack like natural wood.

Easy to look after

Easy to clean, repair or replace

Unlike delicate natural surfaces, Amtico LVT takes minimum effort to maintain.

Floor care

Constant household traffic can leave your floors a little dull and in need of some TLC! Our easy guide will keep your floor looking fresher for longer.

Looking after *your* floor

Give your floor a little pamper!

Your floor is central to your home - it sits beautifully as a backdrop to your interior, but is ultimately an essential for everyday life. Daily traffic can leave busy areas of the home looking a little tired over time – give them a refresh with our super easy, four-step guide and keep your floor beautiful, authentic and fresh for years to come!

For full care advice visit amtico.com or visit your nearest Amtico retailer.

Shown below: Amtico Wear & Care Starter Pack

Caring for your floor in four easy steps

1

Protect the surface

Keep your floor as immaculate as the day it was fitted by adding protective felt feet to your furniture. Included in your starter kit, they reduce the risk of scratching, to keep your floor looking brand new for longer!

2

Remove dust and dirt

Sweep frequently, mop occasionally and use an Amtico Entrance mat to reduce the chance of dirt and grime being walked onto your floor. Maintaining your floor is simple!

3

Wash and brush up

For regular cleaning, we recommend Amtico Floorcare Maintainer paired with a standard string mop. This combination will remove any marks that don't disappear with a light sweep.

4

Spring clean

Once a year, a deeper clean will dramatically benefit your floor. Use Amtico Floorcare Stripper to remove any ingrained dirt and finish with Amtico Floorcare Dressing for added freshness.
